Rear Cable Management Tray

Order No.
25.B0410

Description
Rear Cable Management Tray (3 per box)

PARTS LIST
• (3) Cable Management Trays
• (9) Velcro Tie Wraps

Rear Cable Managment Tray Dimensions:
1.5″H x 5.5″W x 3.25″D
(13mm x 140mm x 83mm)

STEP **1**
Terminate wires on the patch panel IDCs allowing sufficient slack for routing cable into the cable management tray.

STEP **2**
Insert tray just below cable, so that cable will rest on the top of the tray. Affix the tray to the panel using the slots on each side of the channel grouping.

STEP **3**
Route cables back from the IDCs into the cable tray (referring to the illustration here).
